

Butterfly Lifecycle Flap Book

Instructions:

Using the template on the next page, create a flap book about the lifecycle of a butterfly.

1. Fold the page in half
2. Cut along each dotted line
3. Create an illustration of each stage on the front. Have fun with it! Pick whatever butterfly species you would like to illustrate.
5. Write the details of each stage beneath the flap.

NGSS Standards

1-LS3-1. Make observations to construct an evidence-based account that young plants and animals are like, but not exactly like their parents.

3-LS1-1. Develop models to describe that organisms have unique and diverse life cycles, but all have in common birth, growth, reproduction, and death.
